A DREAM OF A SEQUEL!

Relax is proud to announce that their long awaited industry headliner and first in an epic series, The DREAM DROP JACKPOTS will be released!

Temple Tumble 2 is the highly anticipated sequel to Temple Tumble and is guaranteed to be their most adrenaline filled exploit to date - Again, willing to risk it all, this time in pursuit of Lost Legend treasure. Can this adventurous duo solve the mystery of the 6x6 reel that stands between them and a treasure trove.

This feature-rich adventure packed sequel contains multiple free spin modes, tumbles galore, wilds, and increasing multipliers that are all there to aid with mission success.

Everything that glitters during this adventure is most certainly gold, but remember to occasionally look up as not all the treasure lies on the ground! The desirable Dream Drop Jackpots could fall at any time!

FEATURES

FREE SPINS

If all stone blocks in the main game are destroyed, 6 Free Spins are awarded. In Free Spins, some stone blocks are special and contain extra spins, added Multipliers, persistent wilds or triggers a transform feature. Any adjacent win to a special stone block activates its feature. In all different modes, clearing all stone blocks, regular and special, awards +3 free spins. There is a choice of three different Free Spin modes:

Multipliers & Extra spins - Special stone blocks contain added multipliers or extra spins

Wild & Transform - Special stone blocks contain persistent wilds or triggers a transform feature. Wilds are persistent for the number of spins indicated by the number on the symbol. The special transform stone block is replaced by a target symbol, which is one of the normal symbols. In the following cascade, 1 symbol kind gets transformed into the same kind as the target symbol.

Combined - Special stone blocks contain added multipliers, extra spins, persistent wilds or triggers a transform feature.

DREAM DROP

JACKPOT ENTRY SPIN

The Dream Drop jackpot bonus is triggered when landing 6 DD symbols in the randomly triggered Jackpot entry spin. When triggered the entry spin is played as an additional spin before the normal spin, with only stone blockers and DD symbols.

DREAM DROP BONUS

There are 5 jackpots that can be won: RAPID, MIDI, MAXI, MAJOR or MEGA. In the Dream Drop Jackpot Bonus you can land stone blocks or Dream Drop symbols. Dream Drop symbols stay on the reels while stone blocks are destroyed. Spins are played until one of the reels is filled by Dream Drop symbols, and the corresponding jackpot is won.

PAYOUT MECHANICS

Matching symbols in any position on three or more adjacent reels, starting from the leftmost reel, constitutes a pay way win. Winning symbols and any stone blocks that lie next to a winning symbol will be destroyed, and new symbols will fall down to fill the voids, for more chances to win. Note that stone blocks don't have a payout and will not create a pay way win.
