GAME DESCRIPTION

STAKELOGIC
THINK BIGGER

Dear Santa,
This winter we want amazing wild features with multipliers free spins that result in extra precious wins, with symbols that pay double and when there are wins, there should be even more wins... with multipliers!

Well, Santa heard it loud and clear, delivering this 20 win line, festive, cascading slot, on his Santa Express. Every win collapses in another wild that pops its head on the reels, and not only that, the wilds appearing have a multiplier that is higher the more consecutive wins were had. When free spins are triggered, a random symbol will pay double and a win multiplier will apply on all the free spins. So join Santa in the holiday spirit with this festive, cheerful slot.

You can also activate SUPER STAKE to double your chances of getting the FREE SPINS feature.
