If a wrestler symbol stops on a corner position all wrestler symbols of the same color will be transformed to wild symbols and the golden square will disappear. This corner is now claimed and will not transform other color wrestlers to wilds. After the game round is complete the corner positions are set as un-claimed and the wild symbols become wrestler symbols again.

Wilds are activated when a wrestler symbol stops on an unoccupied corner position. All wrestler symbols in the same colour will be transformed into wilds. In the main game a wild is active for the current game round until the next spin.

8 The Lucha bonus feature

The Lucha bonus feature starts after a player get 3 or more Lucha Bonus scatter symbols in the main game or when the player get the Lucha Smackdown symbol on the 5th reel and is awarded a number of freespins.

9 Wild symbol in Lucha Bonus game

The wild symbol acts like a wild symbol and substitutes for any other symbol except the Lucha Bonus Symbol and the Lucha Smackdown symbol, if and only if the wild symbol combined with at least one more symbol it substitutes for form a winning pay line. The wild symbol is activated when a wrestler stops on an unoccupied corner position. In the Lucha Bonus game an activated wild symbol is active for the entire game round which includes all the free spins until the Lucha Bonus game is ended and the player is back in the main game.
