ReelPlay are proud to present a brand new mechanic in online slots where each spin provides the chance to add an additional reel, re-spin and multiplier.

Eldorado Infinity Reels is classic ReelPlay innovation. A slot game inspired by a land of almost unlimited opportunity where each spin provides a chance for a new reel to be added, with each new reel increasing the multiplier for all wins. Each additional reel brings players closer to the Jackpot prize.

The bonus feature introduces a layer of strategy where the player may choose from 3 options:

- Store** – will increase the level of the next feature award
- Gamble** – spin the wheel take a chance to raise the current feature level.
- Play** – play the feature at current level

Increased feature levels award players with multiplier increases of +2, +3 or +4 per new reel added!
